Logoplaste

An industrial company specialized in the production of rigid packaging solutions to a wide range of blue-chip clients

Challenge

- Problems with the equipment on the shop floor and newcomer support
- Stopped production line until the arrival of an expert

Obstacles

- Lack of a specialized task force at every single site
- High travel costs
- Elevated downtime

Solution

Together Fujitsu and Logoplaste launched the smart glasses

- Hands-free headset
- Remote assistance or mentorship in real time
- Visual and spoken bilateral communication
- Powerful zoom levels
